TERMS AND CONDITIONS

This is a public and mail bid auction conducted by **Classical Numismatic Auctions**, a division of *Classical Numismatic Group, Inc.*, Bidding in the auction constitutes acceptance of the following terms and conditions.

1. The property listed in this catalog is offered for sale by CNA as agents for various owners and other consignors. We reserve the right to withdraw any lot before the close of the sale.
2. A **10 %** buyer's fee will be added to all invoices at the close of the sale.
3. All coins are guaranteed genuine and as described based on the most current information available to the cataloguer. Grading is a subjective art. Every effort has been made to be conservative in our grading. **Please note that an auction sale is not an approval sale.** Lots examined prior to the sale may not be returned for any reason except authenticity.
4. Terms are for cash, with invoices being due and payable immediately upon receipt. Payment by check must be made in US funds and drawn on a United States bank. Visa and Mastercard may be used to pay your bill. However, a 3.5% surcharge is made for the use of your credit card over cost from the bank.
5. Bidders not known to us must provide us with satisfactory credit references. Minors are forbidden from bidding without a parent's signature on the bid sheet.
6. Bid in even dollar (\$) amounts. **Mail Bidder Protection.** You may submit bids with confidence. Where competition permits, your bids will be executed at 10% over the next highest bid. Please note, that most bids below estimate are rarely reduced, due to heavy competition. If you bid over estimate, chances are that your bids will be reduced. In the case of tie bids - the bid received earliest wins. Bid by lot number. No lots will be broken.
7. A word on **Reserves**. If a lot is reserved, it will not be in excess of the estimate. However, please note that bids that are below 60% of the estimate have little or no chance of winning, or being executed. Check your bid sheets carefully. The seller cannot assume responsibility for errors made by bidders.
8. Sales tax and postage are added to all invoices where appropriate.
9. Prices Realized are published shortly after the sale and mailed to all bidders who have participated in the sale.
10. If you bid in this sale, you accept the terms as outlined above. Any legal disputes that might arise will be handled in the courts of Lancaster County, Pennsylvania.

**GOOD LUCK and remember to mail your bid sheets early.
Bid sheets must be received by August 15, 1991**

Sind was the easternmost province of the Sassanian Empire, and the circulation of these rare gold dinars there parallels that of the gold staters struck by the Gupta kings of India, rather than the traditional Persian silver drachms.

234 EGYPT, Ptolemaic Kings. Ptolemy III. 246-221 BC. AR Tetradrachm (13.45 gm). Asia Minor mint. Diademed head of Ptolemy III right / $\text{ITTOAEMAI} \text{OY} \Sigma \text{ITTHPOC}$, eagle standing left on thunderbolt; bee and monogram in left field. Cf. Svoronos IV, 903 (different monogram). Fine. Extremely rare. (900)

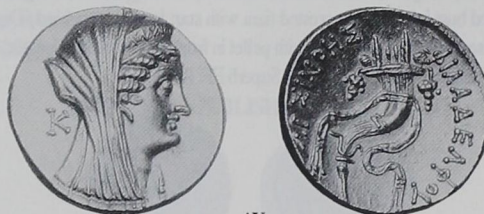

The first Ptolemaic tetradrachm with a portrait other than that of Ptolemy I. The mint is uncertain, possibly Ephesos in Ionia (Svoronos) or Telmessus in Lycia (Mørkholm). The use of mints in Asia Minor reflects the greatest expansion of the kingdom under Ptolemy III. The reign of his dissolute son would see all of this territory lost to the Seleukids of Syria.

- 242 ZEUGITANIA. Carthage. Circa 221-202 BC. AR Half Shekel (3.27 gm). Uncertain mint, possibly Sicily. Laureate male head left / Elephant walking right; Punic letter aleph in exergue. SNG Copenhagen 383; Pozzi 3316. Toned near EF. (800)

This issue normally depicts a male head of indeterminate age, identified as the god Melkart. The head on this piece, on the other hand, with its craggy brow and sunken cheeks, gives the aspect of a clearly elderly man. Perhaps this gives credence to theories that a Carthaginian personality is being depicted.

LAST LOT

586 A PARCEL OF 1025 COINS FROM THE OLIVER'S ORCHARD HOARDS

A group of 1025 late Roman silver, billon and bronze coins from the Oliver's Orchard hoards, found in Colchester, England in May 1983. Selections from the three hoards, totaling 6036 coins, found concealed in pottery jugs buried circa 274 AD in a farmer's field. The majority of the hoards consisted of antoniniani of the Gallic emperors Postumus through Tetricus I and II, but pieces as early as the 1st and 2nd centuries AD were also found with them. Those pieces not declared Treasure Trove and retained by the British Museum and other institutions were distributed among the finder and the land owners. This parcel comes from one of those shares. Included are six of the denarii, an antoninianus of Laelianus, several scarcer antoniniani of Quintillus and Marius, and a broad selection of common and scarce antoniniani types starting with Gordian III and continuing through to Tetricus I and II. Numerous pieces would grade VF or better, but the majority show wear and the effects of long burial. Included with the lot are publications from the Colchester Archaeological Trust and the British Museum, 'Coin Hoards from Roman Britain, Vol. VI', describing the hoards in detail. A fascinating historical group. Total 1025 pieces. Average Fine-VF. Sold as is. (4500)

An approximate breakdown by emperor: Domitian (Æ, slick), Julia Domna (1), Julia Soaemias (1), Julia Maesa (1), Severus Alexander (3), Gordian III (23), Philip I (15), Otacilia Severa (2), Philip II (2), Trajan Decius (7), Herennia Etruscilla (2), Herennius Etruscus (2), Trebonianus Gallus (6), Volusian (3), Valerian I (39), Gallienus (114, including a great variety of animal reverses), Salonina (23), Valerian II (16), Saloninus (3), Claudius Gothicus (115), Quintillus (16), Postumus (164, many VF or better, with scarcer types included), Laelianus (1, VF), Marius (6, all VF, four different types), Victorinus (363), Tetricus I (88), Tetricus II (8), Misc. fourrées (4). Some of the later antoniniani are barbarous issues.
